

AB PIP OFFERS SPECIAL DISCOUNT ON SUMMER SKILLS SHARPENER BOOKS

SUMMERSKILLS: Orders Due by July 1: Rolling Orders After July 1

Help your students maintain their academic skills over the summer and support K-12 AB Parent Involvement Project (PIP) Science, Technology, Engineering and Math (STEM) activities with the Summer Skills Sharpener Book fundraiser.

Product Details: Summer Math Skills Sharpener is a series of 15 separate books (grades pre K-12, and post) that review the mathematical concepts learned in the school year *just completed*. Order books for grade level just completed (that is, order "Grade 1" if your child just finished Grade 1 or consult your child's teacher if you have questions about appropriate skill level). The books are based on National Curriculum standards designed to prepare students for the next level and are not designed to complement any school curriculum. Helpful answer keys are also included. For more information about Summer Skills including a grade-level overview and sample pages, visit www.summerskills.com or view the full Summer Skills series of books at the Acton Memorial Library in the Children's Reference (to the left of library entrance).

Customer Reviews: Local educators and tutors continue to identify the SummerSkills Sharpeners as a valuable resource and tool to provide math and language arts practice and reinforce skills during the summer. SummerSkills resource primers are also available for Language Arts and Spanish or French Language review.
